Halal Products International and Harris Ranch Beef Company proudly provide Muslim communities around the world with the highest quality, USDA certified, Halal beef that is hand-slaughtered (zabiha) by trusted Muslims in accordance

with Islamic law. The entire process is approved and licensed by Al-Azhar El-Sharif Mosque in Cairo,

Egypt and by the Islamic Service Center of America (ISCA). Our Halal beef program began in 1992 at Harris Ranch and is overseen and quality-controlled by Amin Attia and his team. Mr. Attia and his team work with, but independently from, Harris Ranch and are directly involved in the hand-slaughtering, certification, and sales.
